

A surprising blend of personalities

That's the nature of the AB2000 Avionics BusBox®

With so many built-in capabilities, the highly-flexible AB2000 family from Ballard Technology is the ideal fit for a wide range of applications. These rugged, conduction-cooled, COTS devices combine a powerful computer processor, multi-protocol databus interfaces, Ethernet, USB, other I/O, and PMC expansion in a small, lightweight package.

Discover what the AB2000 can do for you.

Call 425.339.0281 or email sales@ballardtech.com today.
